

# INFORMATION TO CREATE SAFER CLASSROOMS

*A solution for threat assessment and campus safety professionals who identify, assess and manage violence prevention at institutions of higher education.*

**Stay informed about criminal activity on and off campus to ensure the safety of students, faculty or staff.**

## Overview

School violence and the revelation that the offender was a student with a criminal history is a public relations nightmare for any school system, college or university. How do you protect your student population and build trust with their families?

What about school or campus employment? Are criminal background checks sufficient?

CampusXchange goes far beyond a background check. The information provided helps threat assessment and behavioral intervention teams identify individuals who pose a risk of violent behavior.

## Working for you

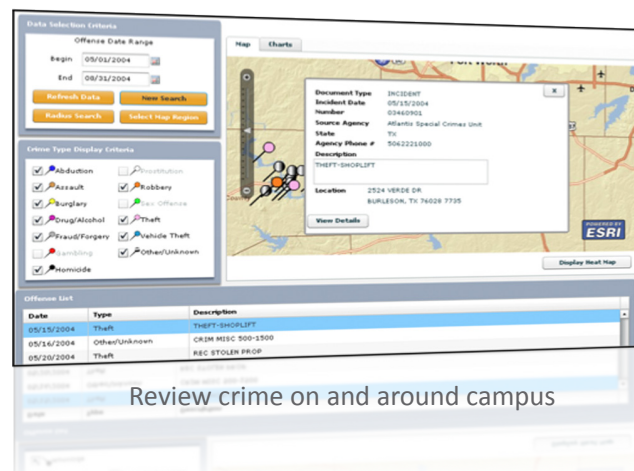

Let us show you how CampusXchange can meet your school safety needs. For more information or to arrange a demo, contact Appriss at 1-877-502-2501, informationservices@appriss.com or www.appriss.com/justicexchange.

## Effective Solution

- Monitor criminal activity on and off campus that could identify possible threatening behavior
- Provide data to assist in vulnerability assessments by threat assessment teams
- More than 65 million booking records
- Confirm accuracy of criminal disclosure on an application

## Delivers

- JusticeXchange Web Portal – secure Internet connection allows searching of criminal records
- Direct – XML interface
- Batch – send large batches
- Connect – Integration services for information sharing to tie school records management system into the JusticeXchange Web Portal

Review crime on and around campus
