

## What is JusticeXchange?

JusticeXchange is an integrated justice solution that gives criminal justice professionals an instant, up-to-date database of booking records, warrants, and other data from thousands of agencies across the country. LinkedUp and MapTracker are tools in JusticeXchange that also provide analytics to those users who need it.

Appriss is an approved partner of Nlets, The International Justice and Public Safety Information Sharing Network.

## JusticeXchange Technology

- Because it is critical that information in the database be protected and available at any time, Appriss takes extreme measures to keep the data safe.
- Records are stored in an Oracle 10g Enterprise Edition database with nightly backups that are archived for seven days. A DR database is ready for utilization (at an off-site facility) in case of natural disasters.
- The application and hosting facility meet Criminal Justice Information Sharing (CJIS) security standards.
- JusticeXchange is reliable with 99.95 percent uptime for unplanned outages and is highly scalable.
- The application and live operator support is available 24x7x365.

*At Appriss, our mission is to provide government agencies with technology that helps them serve and protect their communities.*

*JusticeXchange helps criminal justice agencies monitor and locate criminals in an effort to keep their citizens safer.*

*For more information on JusticeXchange or to arrange for a demonstration, contact Appriss at 1-866-Appriss (1-866-277-7477) or [informationservices@appriss.com](mailto:informationservices@appriss.com). Or, check us out on the Web:*

## Data Statistics

The Criminal Justice  
Information Sharing Portal

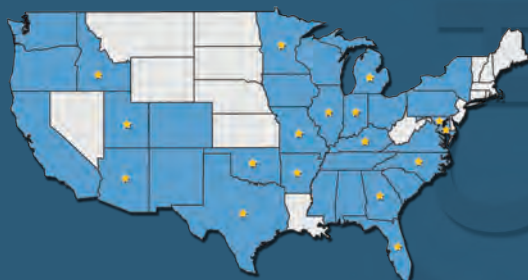

**Did you know you can have access to millions of booking records, warrants, and probation and parole records across the country with the click of a mouse?**

## What Data Is In JusticeXchange?

JusticeXchange contains data from thousands of criminal justice agencies including:

- 31 states and 17 Departments of Correction
- Hundreds of records management systems
- Thousands of jail booking systems
- Over 58 percent of county jail beds and 46 percent of DOC beds in the United States
- Over 40 million booking records, 6.5 million photos, and millions of RMS data records

■ County Jail Beds  
★ DOC

State	% Jail Beds*	State	% Jail Beds*
Alabama	32%	Mississippi	64%
Arizona	1%	Missouri	92%
